Students should check with the relevant department in which they wish to pursue their minor for the required number of hours. Commonly pursued minors by art history students include English, women's studies, business, history, anthropology, and philosophy.

Students are advised to take the introductory courses as well as the two art history surveys early in their programs.

Although this is not guaranteed, the art history survey courses are often offered during the summer. Advanced art history courses are offered during the summer as part of study abroad programs.
